Dear Mr.Washington,

I write, on behalf of Mr Warboys who is presently abroad on business, to thank you for your recent letter. I note your comments about ridge deterioration and ridge dissociation based on your own personal observations, also the report by Abel.

A friend of mine has made a considerable study of this subject and you might like to contact him - he is :

Tim J.David of the University of Manchester,
The Department of Child Health,
Blackley,
Manchester M9 2AA.
ENGLAND.
